#ENDFGMC ON TV

DESCRIPTION

Depending on funding, we aim to produce **four one-hour TV shows**, which will be broadcasted **until July 24th, 2024**.

The focus is on **education about FGM/C** in the form of **panel discussions** with **renowned anti-FGM/C experts** from The Gambia, as well as the associated **preservation of the anti-FGM/C law in The Gambia**. **Two shows per week** are broadcasted on the **national television** channel Online TV Gambia.

The program **reaches over 800,000 viewers**, who can **ask questions** online.
